Mission

Find where to edit the Pix transfer limits for 'Pix Automático'

--- Step 1 ---

Reflection:

I need to find the option to edit Pix transfer limits related to 'Pix Automático'. Currently, I am on the main screen where Pix options are visible.

Thought:

The next logical step is to examine the options under 'Pix' to find where to edit transfer limits.

Action:

Tapped on element with description 'Pix'

--- Step 2 ---

Reflection:

I need to edit the Pix transfer limits for 'Pix Automático'. I am currently on the Pix central screen where 'Pix Automático' is displayed.

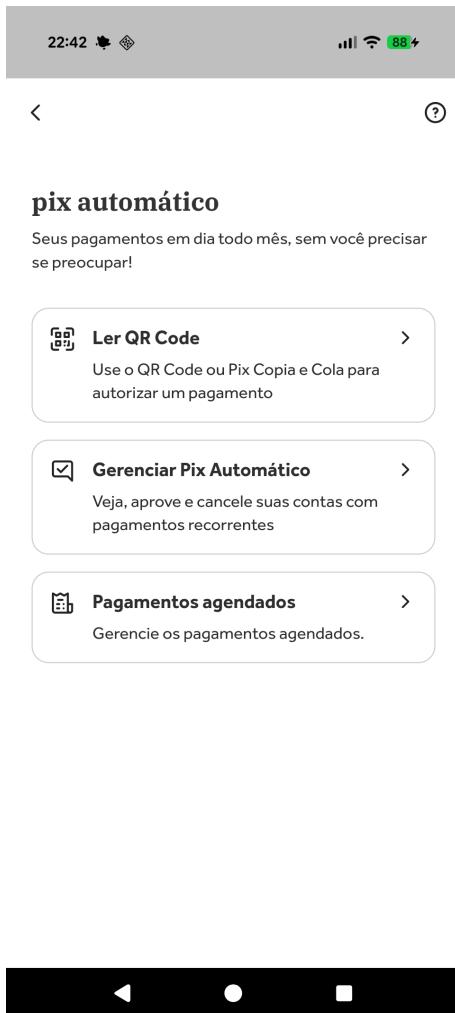

Thought:

I should tap on 'Pix Automático' as it likely leads to the page where I can edit its transfer limits.

Action:

Tapped on element with description 'Pix Automático' Suas contas sempre em dia'

--- Step 3 ---

Reflection:

I have navigated to the 'Pix Automático' section, but I haven't found the option to edit Pix transfer limits yet. The current screen shows options like 'Ler QR Code', 'Gerenciar Pix Automático', and 'Pagamentos agendados'. I need to explore the 'Gerenciar Pix Automático' to locate the transfer limits settings.

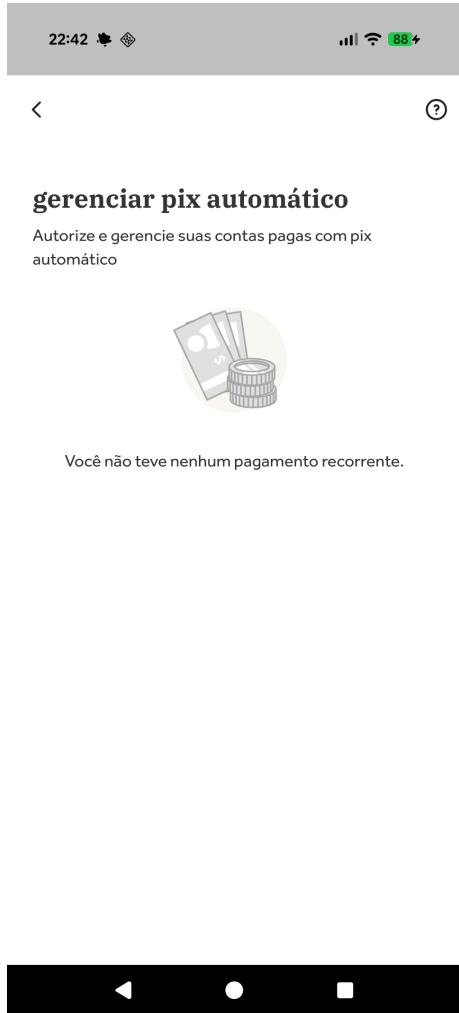

Thought:

The 'Gerenciar Pix Automático' option likely leads to the settings where I can edit Pix transfer limits. I should tap on that option next.

Action:

Tapped on element with description 'Gerenciar Pix Automático
Veja, aprove e cancele suas contas com pagamentos recorrentes'

--- Step 4 ---

Reflection:

Based on the current screen and the action history, I have not yet located the option to edit the Pix transfer limits for 'Pix Automático'. The screen is showing options to manage automatic payments but doesn't display transfer limits.

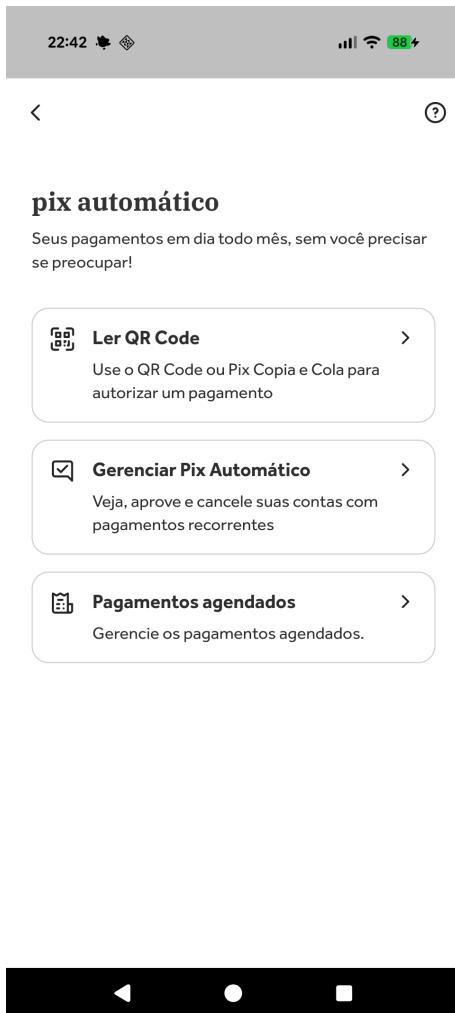

Thought:

I should look for any additional options or settings that may allow editing of Pix transfer limits. A possible action is tapping on unknown clickable elements to explore more settings.

Action:

Executed 'go back'

--- Step 5 ---

Reflection:

Based on my history and current screen, I haven't completed the mission because I've only looped through 'Gerenciar Pix Automático' without progress. The mission requires finding where to edit Pix transfer limits.

Thought:

I should explore another option that hasn't been tapped yet. 'Pagamentos agendados' could potentially lead to settings where limits might be adjusted.

Action:

Tapped on element with description 'Pagamentos agendados
Gerencie os pagamentos agendados.'

--- Step 6 ---

<

pagamentos agendados

Confira os próximos pagamentos que serão feitos automaticamente.

Pagamentos futuros

Você não teve nenhum pagamento agendado.

Reflection:

The current screen shows 'Pagamentos agendados'. There is no visible option for editing Pix transfer limits related to 'Pix Automático'.

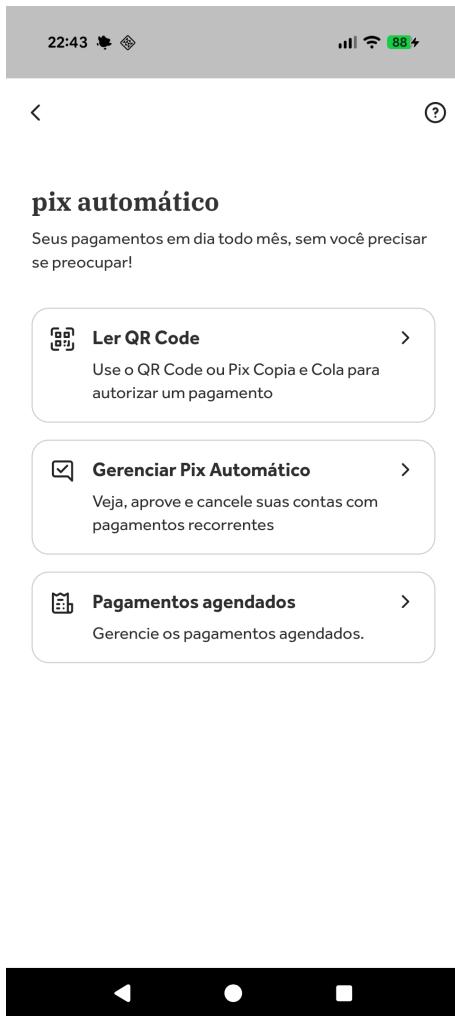

Thought:

I should go back and explore another option that might lead to editing transfer limits for 'Pix Automático'.

Action:

Executed 'go back'

--- Step 7 ---

Reflection:

I am on the 'Pix Automático' page and have already tried managing automatic Pix and scheduled payments, but haven't found the option to edit transfer limits for 'Pix Automático'. I need to explore other options on this screen.

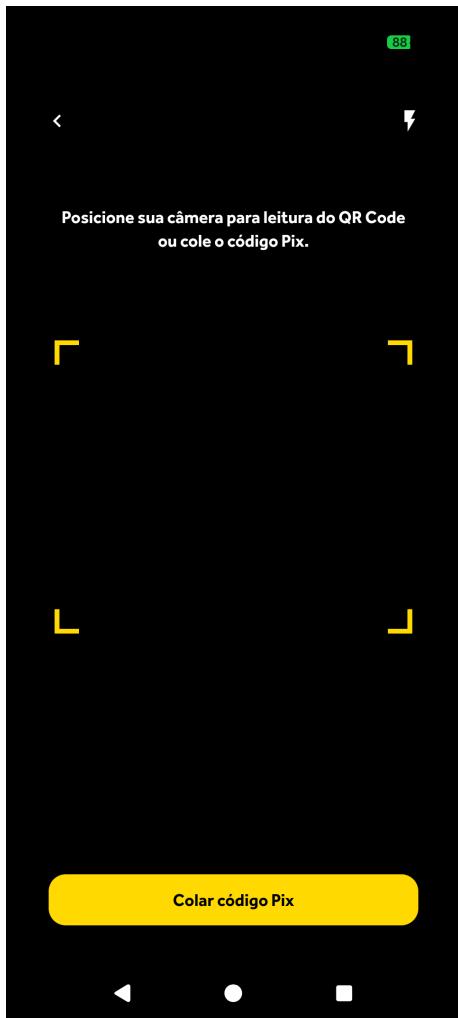

Thought:

I should try the option 'Ler QR Code' as it's something I haven't explored yet. It may lead to more options related to Pix settings.

Action:

Tapped on element with description 'Ler QR Code'
Use o QR Code ou Pix Copia e Cola para autorizar um pagamento '

--- Step 8 ---

Reflection:

I have not yet found the option to edit Pix transfer limits for 'Pix Automático'. It seems I navigated to a QR code scanning screen, which is unrelated to the task.

Thought:

I should retrace my steps and return to the main Pix menu to look for options related to managing or editing Pix transfer limits.

Action:

Executed 'go back'

--- Step 9 ---

Reflection:

Based on my history and current screen, I have not yet found the option to edit the Pix transfer limits for 'Pix Automático'. I need to explore other elements.

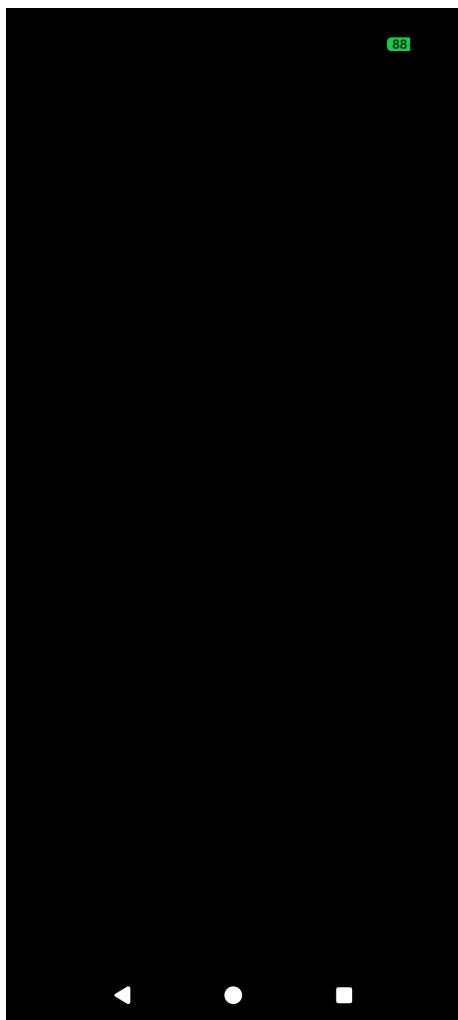

Thought:

I have already attempted actions related to 'Pix Automático' without success. To progress, I will tap on a different option that could potentially lead to settings or account management.

Action:

Tapped on element with bounds [0,1569][960,1623]

--- Step 10 ---

Reflection:

I have navigated through several options related to Pix but have not yet found where to edit the Pix transfer limits for 'Pix Automático'.

Thought:

I should look for a section that specifically mentions limits or settings related to Pix Automático.

Action:

Executed 'go back'

--- Step 11 ---

Reflection:

I have attempted several actions related to the 'Pix Automático' feature but have not yet found an option to edit Pix transfer limits.

Thought:

I need to try tapping on a different element that might lead to managing Pix options that I haven't attempted yet.

Action:

Tapped on element with description 'Pix'

--- Step 12 ---

Reflection:

I have already attempted to interact with 'Pix Automático'. The mission requires editing Pix transfer limits specifically within 'Pix Automático', which I have not yet completed. There is an option 'Meus limites Pix' that may lead to editing Pix transfer limits.

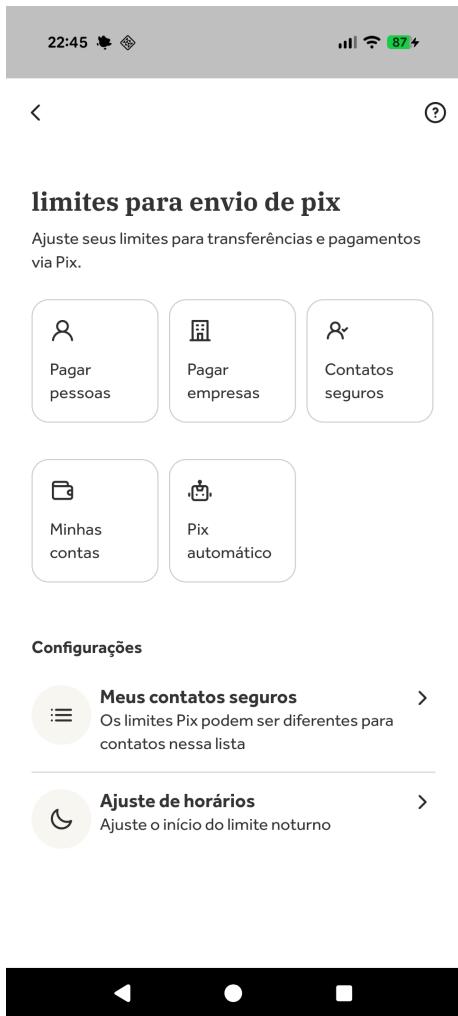

Thought:

The element 'Meus limites Pix' with description 'Ajuste os seus limites de Pix' might contain the option to edit the Pix transfer limits, which is aligned with the mission. I haven't tapped on this before.

Action:

Tapped on element with description 'Meus limites Pix'
Ajuste os seus limites de Pix'

--- Step 13 ---

Reflection:

I have reached the 'Meus limites Pix' section which allows adjusting Pix transfer limits. However, I need to specifically adjust the transfer limits for 'Pix Automático'.

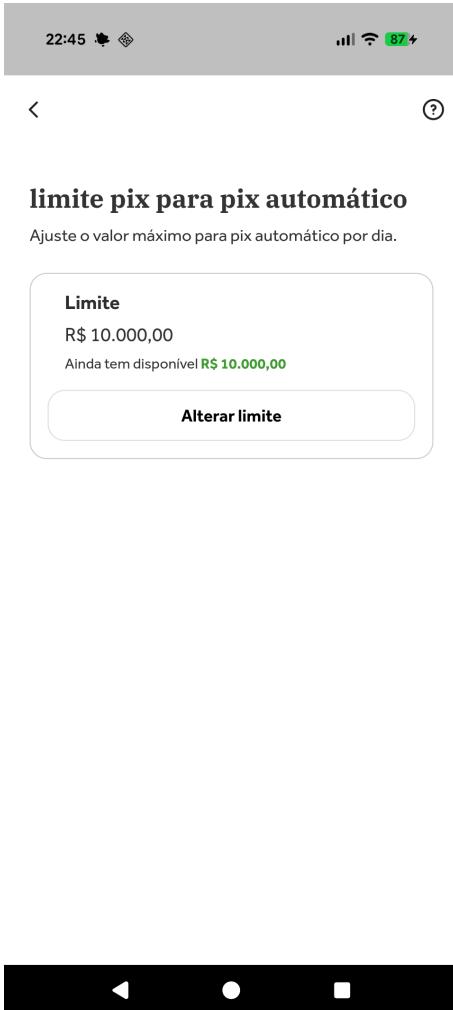

Thought:

I see an option for 'Pix automático', which might be relevant to adjusting 'Pix Automático' limits.

Action:

Tapped on element with description 'Pix automático'

--- Step 14 ---

Reflection:

I have found the screen where the Pix transfer limits for 'Pix Automático' can be edited. The 'Alterar limite' button for changing the limit is visible.

Thought:

No further actions are needed as I have reached the screen where the limits can be edited.

Action:

No action taken.
